

Medical School Recommendation Letter

To whom it may concern:

It is my pleasure to write this letter of recommendation on behalf of my mentee, Ms.XXX . She is currently studying at UC Berkeley Extension Post-Baccalaureate Health Professions Program, and she has come to my office to shadow in June of 2015.

Services in my office, being a group dental practice, include general services as well as special cares such as cosmetic dentistry, orthodontic, endodontic, prosthodontics, and oral surgery provided by several general dentists and specialists. XXX had many opportunities to be exposed to various procedures including professional cleaning, dental fillings, crown and bridge, implants, root canal treatment, gum surgery, braces and much more and I believe that the procedures she has observed at my office will help her to grasp concepts and understand the procedures in dental school.

XXX always came in with the utmost professionalism and sincerity. While shadowing, she actively engaged herself in the procedures by asking questions and applying herself to every move of doctors. I was very impressed with her seriousness about dentistry and she apparently wanted to get a deep, clear understanding of a dental practice.

XXX and I have had several occasions to talk about her goals and aspirations in dentistry. Throughout these contacts, I have found that XXX has an excellent potential to be a great dentist and her maturity and professional experiences in a different field are definitely added virtues. She sees dentistry not as just a career, but a venue for her to merge her artistry as a designer and knowledge in dental science for the advancement of dentistry. I have discussed with her what should be her priorities and the steps she should be taking to achieve her goal. I am confident that she is strongly willed and she will do excellent in dental school.

Furthermore XXX is a very sociable person with cheerful personality. She has been always willing to lend helps around the office and she is also an eloquent communicator. In XXX I see many qualities as a great dentist and I have high expectations for her.

I am thrilled to write this letter for Ms. XXX who has an excellent potential with passionate desire to be a great dentist and I firmly believe that she will be a brilliant addition to your school.
